8 Speed Automatic	●
Brakes	
Front disc brakes, mm	303 x 28 ventilated
Rear disc brakes, mm	300 x 22 ventilated

- Standard

Full vehicle specifications are available at www.volkswagen.com.au

-The Start/Stop system is designed to reduce fuel consumption and CO2 emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the owner's manual for full operating information.
